

Producent: **Z.P.H. ELEKTRO-PLAST Sp. z o.o. 62-860 Opatówek, ul. Rogatka 14, Poland**

Statement

regarding the application of Regulation (EU) 2023/988 of the European Parliament and of the Council of 10 May 2023 on general product safety, amending Regulation (EU) No 1025/2012 of the European Parliament and of the Council and Directive (EU) 2020/1828 of the European Parliament and of the Council, and repealing Directive 2001/95/EC of the European Parliament and of the Council and Council Directive 87/357/EEC

Dear Sir or Madam,

As Z.P.H. ELEKTRO-PLAST Sp. z o.o., ul. Rogatka 14, 62-860 Opatówek, POLAND, acting in the capacity of manufacturer, we hereby declare that pursuant to Article 2 of Regulation (EU) 2023/988 of the European Parliament and of the Council of 10 May 2023 on general product safety, amending Regulation (EU) No 1025/2012 and Directive (EU) 2020/1828, and repealing Directive 2001/95/EC and Council Directive 87/357/EEC (hereinafter referred to as the "GPSR Regulation"), the products we manufacture fall within the scope of this Regulation.

Therefore, in the event that the products referred to above are subject to the provisions of the GPSR Regulation, we hereby declare that said products meet all applicable safety standards and that we, as the manufacturer, comply with all obligations arising under the GPSR Regulation, in particular those set out in Articles 9, 11, and 12 of the Regulation.

Should it be determined, pursuant to Article 2 of the GPSR Regulation, that the Regulation does not apply to the products we manufacture, we hereby inform you that the products in question are covered by specific European Union legislation, which includes appropriate guidelines ensuring the safety of products placed on the market. Accordingly, we declare that these products comply with all applicable requirements, especially regarding their safety, as defined in the relevant legal provisions.

Furthermore, we assure you that the products we manufacture meet the highest standards of quality and safety, comply with European and national standards, the current state of scientific and technical knowledge and/or the opinions of recognized scientific bodies and expert committees, applicable codes of good practice in the given sector, and the legitimate expectations of consumers regarding safety. They also meet the requirements concerning health and safety risks and risk categories covered by the relevant legal standards.

To meet safety guidelines, our products undergo all necessary testing and risk assessments prior to being placed on the market, and are designed and manufactured in accordance with the general safety requirement. They are accompanied by appropriate documentation and labeling to ensure the highest level of safety.

Finally, we confirm that in the event of any questions or doubts regarding the products, or if there is a need to submit relevant documentation confirming compliance with the required safety standards, the designated contact and responsible entity is:
